50X1-HUM

Construction of the large aluminium factory at Ptuj has not yet been completed. The Yugoslav Government had ordered machinery for this factory from a Hungarian firm and had paid the firm a guarantee deposit of \$100,000. The Government later learned that the same machinery could be bought for one third of the Hungarian price and accordingly cancelled the order and forfeited the deposit. The order has since been passed, through the intermediary of a Yugoslav engineer
